

AIAS BEAUX ARTS BALL

The Beaux Arts Ball is an annual event co-hosted by the Detroit Mercy and Lawrence Tech Chapters of the American Institute of Architecture Students (AIAS). This year, the collaborative AIAS Beaux Arts ball celebrates its 10th anniversary and will take place at the well-known Museum of Contemporary Art Detroit on Saturday, February 9th. Styled in a 1920's fashion, the evening will include a short program to welcome guests, thank sponsors, recognize the hard work of students, and honor Will Wittig's retirement as Dean of the Detroit Mercy School of Architecture.

We ask the profession to show its support of the local architecture students by sponsoring this event. Your contribution will be recognized at the Ball and will speak to your appreciation for Will Wittig not only as an AIA Michigan past president, but also as a tireless champion in the effort to further improve Detroit Mercy's School of Architecture.
