

AIA Michigan & Chapter/Section Allied Membership

Allied membership is available to individuals who are not otherwise eligible for membership in The American Institute of Architects. It is a state and local membership similar to the national AIA Individual Allied membership. Allied members share the same programs, services and activities as AIA Architect and Associate AIA members. "Share" is the key word because, as an Allied member, you will learn from architects as much as they will learn from you about your services and concerns.
